INTERCHANGEABLE PROBES

REAL-TIME COMPARISON

1 BUTTONS AND CONNECTORS

The PRO X videoscope is a high-end remote visual inspection tool with interchangeable probes and advanced connectivity, designed for precise and efficient inspections across various industries, offering innovative features.

2 USB 3.0 ports
1 HDMI port

5.5" high-resolution
AMOLED touchscreen

High-resolution photo and video
up to 720p (1280x720px)

Image freeze

Adjustable lighting with 8
levels. White LED or fiber
optic illumination

Removable table stand

Removable and rechargeable battery.
4-hour battery life.

2 INTERCHANGEABLE PROBES

Diameters & micro-diameters

1.2 / 1.6 / 1.8 / 2.0 / 2.8 /
3.9 / 6.0mm

Working lengths

From 1 to 10m

Resolution

From 160,000px to
2,000,000px (on 6.0mmx2/3m)

Articulation

Articulating or non-articulating
depending on diameter.

Direction of vision

0° or 90°

Illumination

LEDs or optical fibers.

Robustness

IP67 rated, resistant to oils, jet fuel,
and corrosion.
Four-layer tungsten braid sheathing.

3

FILES EDITING

Free editing

Directly modify your photos and videos on the device by adding annotations, freehand drawings, or highlighting elements with framing.

File renaming

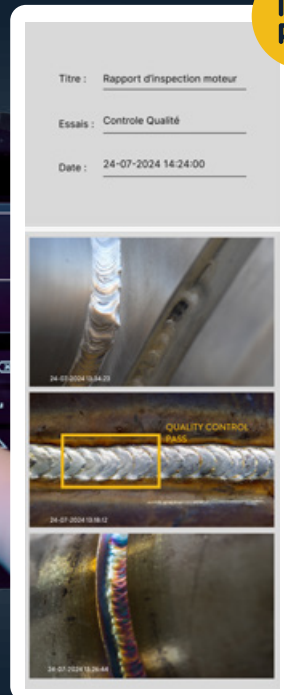

The PRO X allows you to rename your photos and videos for optimal identification and organization.

You can also categorize them into custom folders that are named and dated, making it easier to manage and quickly access files during your inspections.

4

REPORT CREATION & SHARING

Reports

The PRO X enables the instant creation and sending of inspection reports. Document your findings accurately and share them quickly, optimizing communication and decision-making during your operations.

5

REAL-TIME COMPARISON

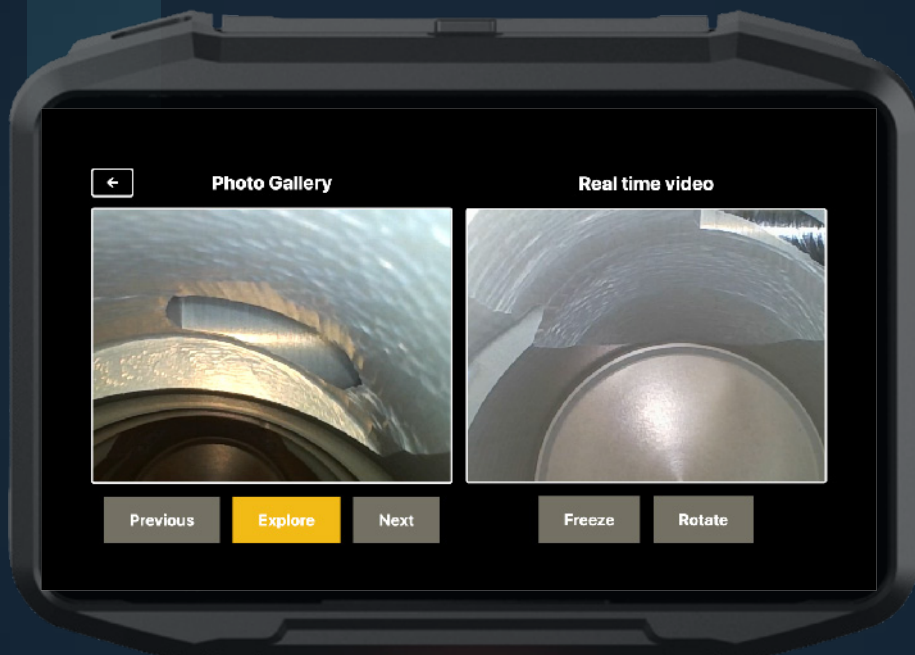

Photo & video

Real-time file comparison lets you assess differences between a previously captured file and a live capture.

This feature helps you track the evolution of inspected components and quickly identify changes, enhancing diagnostic accuracy.

6

CONNECTIVITY

Wi-Fi/LAN

The built-in Wi-Fi module of the videoscope facilitates secure file transfers (photos, videos, reports) to iOS and Android devices. This feature streamlines the transmission of real-time inspection data, significantly enhancing operational efficiency.

Bluetooth

The Bluetooth module enables easy file transfers (photos, videos, reports) to Android devices, such as smartphones and tablets.

This feature simplifies data exchange directly in the field, eliminating the need for a network connection.

Live sharing

The Live Sharing function allows for real-time sharing of inspections with multiple collaborators via a QR code and a Wi-Fi (LAN) connection.

This facilitates instant decision-making and remote collaboration without the need for additional equipment.

AMONG THE SERVICES THAT ARE OFFERED BY OUR COMPANY

- 12 & 24 MONTHS WARRANTY EXTENSIONS
- PREVENTIVE MAINTENANCE CONTRACTS
- REPAIR SERVICE
- IN THE EVENT OF IMMOBILIZATION OF THE PRODUCT FOR REPAIR- SHORT TERM RENTING SERVICE

7

DATA STORAGE

Internal memory

64GB

USB drive

Up to 128GB

8

READY-TO-USE CASE

- 1 PRO X videoscope
- 2 Prints for 2 additional probes
- 3 Charger
- 4 Spare battery
- 5 HDMI cable
- 6 Table stand
- 7 Prints for rigid guides
- 8 Bipol cleaning kit
