

# BIPOL PRO S

>>> Industrial videoscope

**ROBUST CONSTRUCTION**

Drop proof 1m

**POWERFUL ADJUSTABLE LIGHTING**

By CERAMIC LEDs

**360° ARTICULATION**

4-way up to 220°

## VERSATILE AND ROBUST

The Bipol PRO S videoscope is a portable compact system equipped with a high resolution CMOS 720P camera mounted on a 360° articulated probe. This versatile and robust videoscope allows remote visual inspection in many sectors such as industry, maintenance, security forces, aeronautics, power production.. It is the ideal tool for the inspection of cylinders of diesel engines and generator sets.

## INTUITIVE FULL INTERFACE

Simplified icons

PARAMETERS

BRIGHTNESS, CONTRAST, GAMMA

SCREEN COLOR (NORMAL, SEPIA, BLUE)

IMAGE FREEZE

MEASUREMENT RULERS

ASPECT RATIO 4:3 AND 16:9

## CONNECTORS

Mini HDMI

Mini USB

16GB SD card

## DIGITAL ZOOM 5X

## PRECISE JOYSTICK CONTROL

## PHOTO AND VIDEO SHOOTING WITH A TRIGGER

## RECHARGEABLE REMOVABLE BATTERY

Long runtime - 3 hours of autonomy

## WATER AND DUST PROOF

Host IP65  
and video probe IP67

TECHNICAL DATA	PRO S 60
Camera diameter	6.0mm
Working length	1.5m
Direction of vision	0°
Field of view	120°
Focusing range	10-100mm
Sheathing	Tungsten braid 4 layers
Power supply	110-220 Va EU plug - US & GB adapters available
Video resolution	1280 x 720 MP4
Working temperatures	-10°C to +60°C
Videoscope dimensions	350 x 155 x 59mm
Weight (without probe)	0.5 kg
Warranty	1 year
